Join Our Team
as a Contract Chiropractor

Are you a skilled chiropractor who values community, collaboration, and work–life balance?

We're seeking a passionate professional to join our welcoming, 40-year-strong clinic and help us continue delivering exceptional care to our rural community.

The Role

- Contract Position with customizable hours for your perfect work–life balance
- Percentage-Based Compensation (to be discussed after screening)
- Opportunity to shape your practice within a stable, growing clinic

Why You'll Love Working Here

- Seamless Patient Care

Instant access to Netcare patient histories (imaging, labs, referrals) means no more hunting for records, just focus on what matters: healing.

- Supportive Team Culture

We lift each other up. Enjoy a collaborative environment that prioritizes your well-being as much as our patients'.

- Strong Brand Presence

Practice under a trusted name known for excellence and innovation in chiropractic care.

- Efficiency & Flexibility

Fully electronic records, Jane integration for online booking, and robust admin support. Design your ideal schedule—part-time or full-time.

- Built-In Patient Base

A large, loyal clientele plus a steady stream of new referrals lets you spend your time on patient care, not marketing.

- Grow Your Niche

Explore specialty areas or demographics that excite you—whether it's pediatrics, sports injuries, or senior care.

Who we're looking for:

- A dedicated chiropractor who invests in patients and colleagues with equal passion
- A lifelong learner eager to bring fresh skills and ideas to the team
- A warm, curious communicator who makes every client feel at home
- Experience or interest in rural/agricultural communities is a plus
- Strong clinical assessment and adjusting proficiencies
- Commitment to community engagement, patient education, and ongoing professional development

About Wetaskiwin & Surrounding Area

- A vibrant town with hockey, dance, equestrian, aquatics, seniors' programs, and more
- Close-knit community feeling with affordable living and many volunteer opportunities
- Under 60-minute drive to Leduc, Red Deer, Camrose, and easy access to South Edmonton and the airport
- Growing multicultural population and essential services for a large rural region
